

Complete Collaboration Solution for Midsize Meeting Spaces

Solstice Conference paired with the Logitech® Rally Bar combines the reach of video conferencing with the power of rich, multi-participant content sharing to enhance the collaboration experience between onsite and remote users.

This room solution delivers the convenience of a traditional room system with the flexibility to use any conferencing service installed on the meeting host's laptop.

Solstice Conference

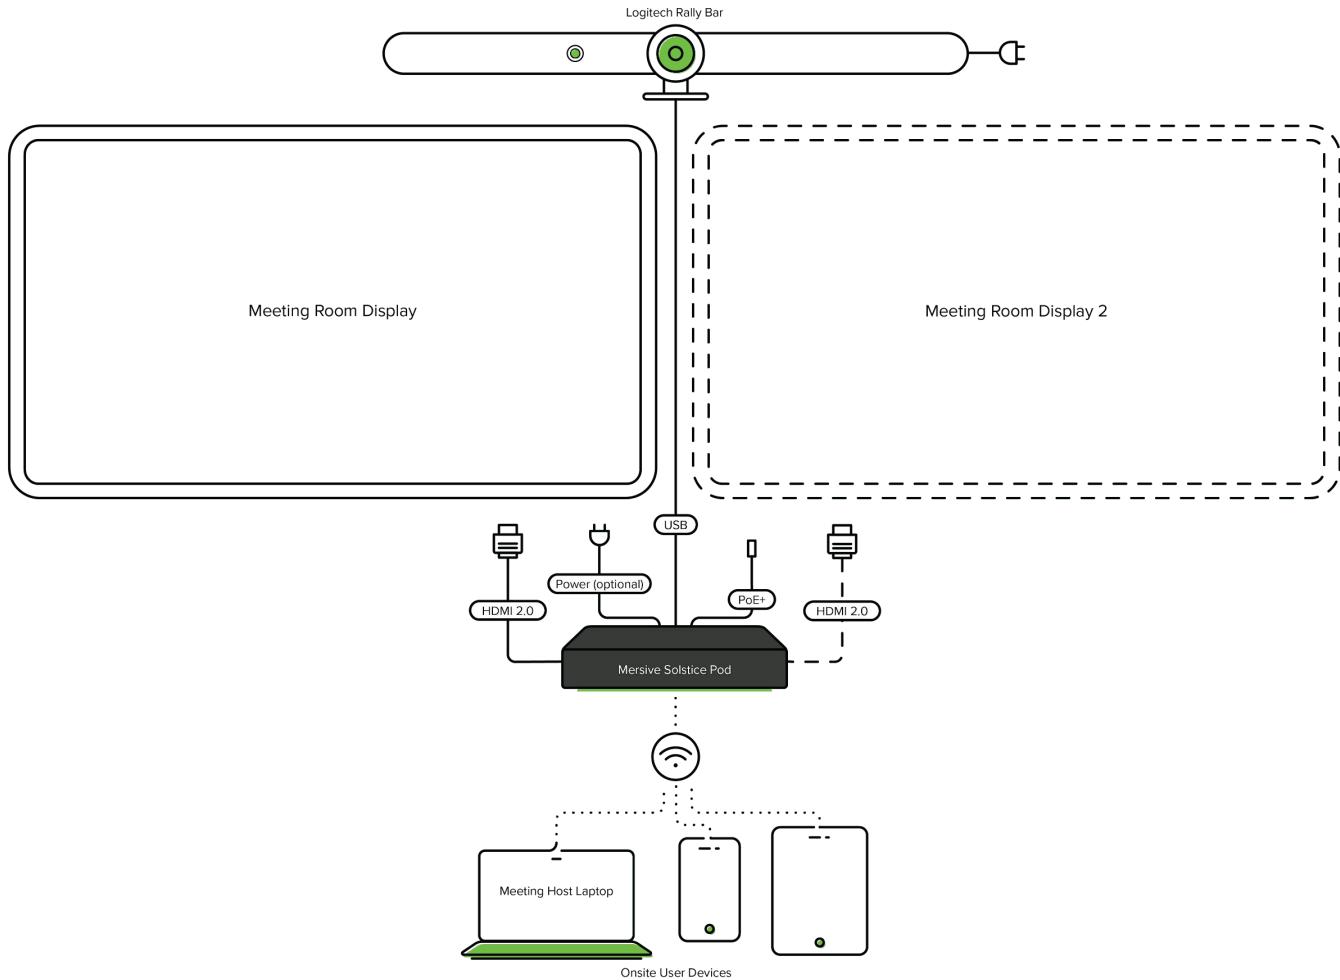

- Multi-participant content sharing from any device
- Agnostic support for all major conferencing services
- Easy, one-step start from the meeting host's laptop
- Wirelessly connects the Logitech Rally Bar to the conference
- Enterprise-grade security and fully IT-compliant
- Cloud-based deployment management and analytics

Logitech Rally Bar

- Ultra-HD video with expansive room coverage and lossless quality
- High-performance, room-filling sound with outstanding clarity
- Adaptive beamforming mic array that suppresses ambient noise
- Supports additional mic pods for larger room configurations

Meeting Host Laptop

- Requires Windows or macOS laptops to host meetings
- Supports Zoom, Teams, and most other conferencing apps

System Components

Solstice Conference

Solstice Pod Gen3
HDMI cable
Power supply

Logitech Rally Bar

Rally Bar
Power supply
AC power cord
HDMI cable
USB cable
Remote control
Lens caps

Additional Requirements

Meeting host laptop
(Windows or macOS)
Web conferencing service
(Teams, Zoom, etc.)

Installation Instructions

1. Mount the Logitech Rally Bar, and connect it to power.
2. Connect the Rally Bar to the Solstice Pod via USB.
3. Attach the Solstice Pod to power and the local Ethernet and/or wireless network (PoE+ supported).
4. Connect the Pod to the display monitor via HDMI (outer HDMI 1 port recommended). An optional second display monitor can also be connected to the Pod.
5. (Optional) If using additional Rally Mic Pods (sold separately), connect the Rally Mic Pod Hub to the Rally Bar, then connect any optional Rally Mic Pods to the hub.
6. As a note, Mersive recommends configuring the Solstice Pod's basic settings, such as updating the display name to match the room name.

For conferencing support, meeting hosts simply install the Solstice app on their laptop device along with their web conferencing application of choice. As a note, the host laptop must be connected to the same network as the Pod.

Technical Specifications

Solstice Pod Gen3

Part #: SP-8000-E1

Supported user devices Windows, macOS, iOS, Android, Chromebook, Linux

Number of users Unlimited

Number of content posts Unlimited
