Jabra GN

Solstice Conference + Jabra PanaCast with
Jabra Speak 750 Room Solution

Complete Collaboration Solution for Any Meeting Space

Solstice Conference paired with the Jabra PanaCast and Jabra Speak 750 combines the reach of video conferencing and the power of rich, multi-participant content sharing to enhance the collaboration experience between onsite and remote users.

This room solution is a new class of video conferencing room system that enhances meeting collaboration by seamlessly supporting all major conferencing platforms running on user's laptops and providing wireless connectivity to room technology.

Solstice Conference

- Multi-participant content sharing from any device
- Agnostic support for all major conferencing services
- Easy, one-step start from the meeting host's laptop
- Connects the Jabra Panacast USB camera and Jabra Speak omnidirectional speakerphone to the conference
- Enterprise-grade security and fully IT-compliant
- Cloud-based deployment management and analytics

Jabra PanaCast with Jabra Speak 750

- Panoramic 180° view without distortion with adaptive width of view and settings for different lighting conditions
- Omni-directional microphone and hifi-grade speaker with full duplex audio for best voice collaboration
- Easy plug-and-play USB and/or Bluetooth connectivity and installation

Meeting Host Laptop

- Requires Windows or macOS laptops to host meetings
- Supports Zoom, Teams, and most other conferencing apps

System Components

Solstice Conference

Solstice Pod Gen3
HDMI cable
Power supply

Jabra PanaCast

180° panoramic camera
USB-C to USB-A cable
(1 m/3 ft)

Jabra Speak 750

Speakerphone with touch controls
Link 370 USB Bluetooth Adapter
Theft protection, table mount, and travel pouch accessories

Additional Requirements

Meeting host laptop (Windows or macOS)
Web conferencing service (Teams, Zoom, etc.)
Current Solstice Subscription

Installation Instructions

1. Connect the Jabra PanaCast camera to one of the USB ports on the back of the Solstice Pod.
2. Connect the Jabra Speak to another USB port on the back of the Solstice Pod.
3. Attach the Solstice Pod to power and the local Ethernet and/or wireless network (PoE+ supported).
4. Connect the Pod to the display monitor via HDMI (outer HDMI 1 port recommended). An optional second display monitor can also be connected to the Pod.
5. As a note, Mersive recommends configuring the Solstice Pod's basic settings, such as updating the display name to match the room name.

For conferencing support, meeting hosts simply install the Solstice app on their laptop device along with their web conferencing application of choice. Note that the host laptop must be connected to the same network as the Pod.

Technical Specifications

Solstice Pod Gen3
